## Diploma in Fashion and Apparel Design

Diploma in Apparel Fashion Design & Technology is a Diploma level Fashion and Interior Designing course. The course provides a strong foundation in art, design, and technical studies while helping students develop a perspective on both the creative and business aspects of the flourishing industry. The program provides better insights into textiles, fashion design, marketing, production, retail management and promotions. The curriculum includes subjects like fashion illustration and elements of art which give a strong base in sketching and designing.
